2013–2014 Topology and control [37, 43]
2015–2017 Stability and architectural assessment [45, 46, 49]
2017–2018 Modulation and distributed control [47, 48]
2019–2021 Converter–machine coordination [34, 50–52]
2023–Present Reconfiguration and device integration [53–58]
Open research direction
Unified SPB design for EV applications
